Make up

YES, YOU MUST USE MORE THAN NORMAL, you are under stage lights and you sweat during warm up.

Foundation, powder, eye shadow (natural colours), black eyeliner, black mascara.

Lipstick – you want a strong Red so that your smile can be seen ☺ You may use glitter gel on hair and face just make sure it's neat.

Hair

MUST BE ABSOLUTELY SUPER NEAT. All fringes must be super neat and short or gelled and pinned back. No wispy bits hanging out around the face or eyes. Any hair elastics or pins used need to match your hair colour.

Mini Performance Group – High ponytail at top back of head with headpiece pinned securely.

Ermington Performance Team – High ponytail at top back of head with silver headband pinned securely.

All Ponytails or hair that is out should be either neatly curled or straightened.

You WILL need to use gel, hairspray and bobby pins. Yes all three!

Please read your note carefully and follow the instructions. If teachers have to fix performer's hair and make up beforehand it eats into the **ENTIRE** teams show preparation time. Do your part for the team and be ready ☺ If this is your first time doing Performance Hair & Make Up make sure you have a practice go before the event.

If you've followed the instructions you should now be looking like a fabulous dancer ready to light up the stage!
