

Dance Achievement Day – Funky Jazz/Hip Hop

All year our Funky Jazz/Hip Hop Classes have been fine tuning their newest dance skills to present at our Dance Achievement Day. All students have been assessed to complete a level that is achievable yet still full of challenges in order to extend their dancing repertoire. All students have now learnt and rehearsed the skills required and are invited to present and Graduate to the next Stage.

With Achievement Levels (Bronze – Levels 1-4, Silver – Levels 5-8, Gold – Levels 9-12) the students are given specific skills to practice and master that increase in difficulty with each level. Two dance professionals will assess and reward the students with a **certificate, merit report and level star badge** for their hard work (these are the ones you sew onto your dance shirts/jackets). Upon completion of their Dance Achievement Day the students then graduate to the next level to further their skills on their dancing journey.

We encourage **all** our Funky Jazz/Hip Hop students to take part, it is a positive, encouraging and challenging experience and a vital part of their dancing journey. All current Performance Crew students and students aiming to be accepted into Performance Crews in 2019 are required to complete their level.

Please choose a **first and second** preference for your time slot. You will not be required for the entire timeslot, only for 20-40mins depending on your level, a detailed timetable will be emailed and on our website the week before.

Please return this note ASAP so that we can get a timetable ready for you ☺

NAME: _____ LEVEL: _____

Ermington Studio

Date/Time & Level	11:30-2:30pm

“It’s a great confidence builder to have mastered a skill, perform it in front of dance professionals and then be rewarded for your accomplishment with a report, certificate and badge that represent the level achieved. I’m always excited to see the students stretch themselves and shine as soloists at their Dance Achievement Day.”

Elizabeth Cooper BA Dance
Director, Dance Sensation
